TRACKING THE TRAIL

MONDAY, MARCH 29

In this class we will take a closer look at animal feet and their footprints that they leave behind. How many toes are there? Does it have a hoof? Explore the diversity of animal feet and find out who has what kind and why.

POISONOUS OR VENOMOUS?

TUESDAY, MARCH 30

Poison and venom are very important to many animals. Find out the difference between poison and venom, and how they can help frogs, snakes and spiders.

ANIMAL FAMILIES

WEDNESDAY, MARCH 31

Is your mamma a llama? Did you hatch from an egg? Learn about different life cycles and what roles moms and dads play in raising their young.

ZOO DOCTER

THURSDAY, APRIL 1

Taking care of zoo animals is a challenging job. You will get a chance to meet our zoo doctor and explore the exciting duties of an animal doctor at the zoo.

SPRING ANIMAL ENRICHMENT

FRIDAY, APRIL 2

Spend the day exploring the zoo and making a variety of special spring crafts, some for our zoo animals and some to take home.

SHADOW A KEEPER
